SUBJECT: PROFESSIONAL GROWTH/STAFF DEVELOPMENT

It is the policy of the District that attention be given to professional development. The Superintendent/designee is directed to arrange activities that will help employees master research-based methodology to help teachers improve their practice and fulfill applicable New York State Education Department professional certification requirements.

The Board of Education will provide the means necessary to make professional development opportunities possible.

Members of the staff will be encouraged to continue their formal education as well as to actively engage in professional development activities.
