SUBJECT: WORKPLACE VIOLENCE PREVENTION

The District is committed to the safety and security of our employees. The potential for workplace violence presents a serious safety hazard to our staff, students, and the entire school community.

Workplace violence is defined as any physical assault or act of aggressive behavior occurring where employees perform any work-related duty in the course of their employment including but not limited to an attempt or threat, whether verbal or physical, to inflict physical injury upon an employee; any intentional display of force which would give an employee reason to fear or expect bodily harm; intentional and wrongful physical contact with a person without their consent that entails some injury; or stalking an employee with the intent of causing fear of material harm to the physical safety and health of such employee when such stalking has arisen through and in the course of employment.

All employees are responsible for notifying their supervisor or the designated Workplace Violence Prevention Coordinator (noted below) of any violent incidents or threatening behavior in the workplace, including threats they have witnessed or received, or have been told that another person has witnessed or received.
