SUBJECT: FIELD TRIPS

The Board of Education recognizes that many valuable and worthwhile student activities occur in which learning in various curricular and co-curricular programs can be enhanced and enriched through organized trips out of the school building. Commonly called “field trips”, these organized activities are of greatest value when they are well organized, closely supervised, and directly related to classroom curriculum.

The Board of Education thus directs and empowers the Superintendent of Schools/designee to construct and make known administrative regulations which govern field trips.

NOTE: Refer also to Policies #3410 -- Code of Conduct on School Property
#5720 -- Transportation of Students
District Code of Conduct on School Property
