Subject: Lunch Meal Prices for 2022-2023 School Year

This memo is in reference to recommending an increase in the school lunch meal price for the 2022/2023 school year. Federal regulations require that our lunch price must be minimally the difference between the federal free reimbursement rate and the federal full reimbursement rate. For the 2022/2023 school year I am suggesting we increase lunch prices by .10 cents due to the extreme increase in food and supply costs the department is facing.

Listed below, are the 2019-2020 meal prices for Vestal which was the last year the department charged for meals. Also, attached is a breakdown of all the BOCES Food Service managed districts.

For the National School Breakfast Program, there are no regulations or minimum prices. For the 2022/2023 school year, I am recommending that we increase meal prices by .10 cents as well.

If you should have any questions, please do not hesitate to contact my office at 766-3926.

2019/2020

Secondary Breakfast: 1.70

2022/2023
