

The Children's Unit for Treatment & Evaluation
10-Month Contract
(September 7, 2022 - June 23, 2023)

Ms. Rosalie Sullivan
Vestal Central School District
Special Services Department
201 Main St.
Vestal, NY 13850

July 15, 2022

Dear Ms. Rosalie Sullivan:

It is our understanding that the district is placing the above named school-aged child in the Children's Unit for Treatment and Evaluation, which is a State Education Department approved school program, located in the ICD building at the State University of New York at the Binghamton campus. The Children's Unit is financially administered through the Research Foundation of the State University of New York, a private not-for-profit corporation. This contract is for the 10-month portion of our 2022-23 school year 12-month program.

Tuition for the Unit is set annually by the New York State Education Department and this contract is for the amount determined by NYSED. This amount may vary or be amended by the State Education Department. If the rate does increase, the district must pay for such tuition increase. The figure used is accurate to the best of our knowledge, but the figure set by the State Education Department in their official notification shall be the contracted amount. (To date, the official rate letter for prospective rates from the State Education Department for the 2022-23 school year has not been sent to us).

Therefore, the district agrees to provide the sum of \$52,758.00 (Tuition) for the 10-month component of the 2022-23 school year (September-June), payable to the Children's Unit for Treatment and Evaluation upon receipt of our billing statement.

Further, it is understood that the Children's Unit does not provide transportation.

If in agreement with the above terms, please sign below and return the contract to the Children's Unit. We feel this program shall be mutually beneficial to all parties involved, and we look forward to a productive new year.

Sincerely,

Lisa Arnone, MA, CAS
Director of Educational and Direct Care Services
Certified School Administrator
Institute for Child Development and Children's Unit for Treatment & Evaluation
