

These enrollment data are collected as part of NYSED's Student Information Repository System (SIRS). These counts are as of "BEDS Day" which is typically the first Wednesday in October. Available are enrollment counts for public and charter school students by various demographics for the 2020 - 21 school year. For nonpublic school enrollment data please see the Non-Public School Enrollment and Staff information on our Information and Reporting Services webpage.

TIOGA HILLS ELEMENTARY SCHOOL GRADES 3-8 ELA ASSESSMENT DATA

The grades 3-8 English Language Arts (ELA) and mathematics assessments measure the higher learning standards that were adopted by the State Board of Regents in 2010, which more accurately reflect students' progress toward college and career readiness. Data available on this site are based on those reported by schools and districts to the State as of August 13, 2021 via the Student Information Repository System (SIRS). The New York State School Report Card 3-8 English Language Arts (ELA) and mathematics assessment data will be based on those data reported as of the final school year reporting deadline.

Due to the extraordinary circumstances related to the pandemic, approximately 4 out of 10 enrolled students participated in state assessments in 2020-21. Because only 40% of students' results are available, state assessments **are not representative** of the state's student population and the results **should not be compared** statewide or by statewide subgroup, or with prior year's results and are not reflected below.

District and school level performance data, as well as the number and percentage of students who tested and did not test, are available for 2020-21. **However**, depending on the percentage of students that took the tests in a given school or district, the school and district's results **may not be representative** of that school or district's student population.

TIOGA HILLS ELEMENTARY SCHOOL - NEW YORK STATE REPORT CARD [2020 - 21]

The New York State Report Card is an important part of the Board of Regents' effort to create educational equity and raise learning standards for all students. Knowledge gained from the report card on a school's or district's strengths and weaknesses can be used to improve instruction and services to students. The report card provides information to the public on school/district staff, students, and measures of school and district performance as required by the Every Student Succeeds Act (ESSA). Fundamentally, ESSA is about creating a set of interlocking strategies to promote educational equity by providing support to districts and schools as they work to ensure that every student succeeds. New York State is committed to ensuring that all students succeed and thrive in school no matter who they are, where they live, where they go to school, or where they come from.

Due to COVID-19 and changes to New York State testing, accountability, and federal reporting requirements, 2021-22 district and school accountability statuses are the same as those assigned for the 2020-21 school year. For informational purposes, accountability graduation rates and chronic absenteeism data are reported. August 2020, January 2021, and some June 2021 Regents examinations were canceled. For more information, please see the NYSED Waiver Memorandum and NYS Board of Regents Announcement.

2021-22 ACCOUNTABILITY STATUS

Due to COVID-19 and changes to New York State accountability and federal reporting requirements, 2021-22 district and school accountability statuses are the same as those assigned for the 2020-21 school year.
